

The gdb Diamond Magazine

Opportunities to promote your business

What is Diamond? Diamond, your bi-monthly magazine. You can use it to tell your story, profile your people, share your expertise and successes or just offer your opinion. We also particularly like to include stories on Member Collaborations and community contributions.

How much does it cost? A free publication for all gdb Members.

Who reads it? Diamond is distributed to all members but the readership is much wider than that.
