DIGITAL PRODUCTION, DESIGN & DEVELOPMENT T LEVEL

T Levels are a new, 2-year qualification for 16 to 19 year olds. Designed with employers, each T Level is equivalent to 3 A levels and helps young people develop the knowledge, attitude and practical skills to thrive in the workplace. At the heart of each course, a 45-day industry placement will give you early access to the brightest talent entering your market.

Industry placement are happening now. As T Levels roll out, employers across England are working with local colleges to provide industry placements. You can join this vocational revolution right now by partnering with Collyer's. We'll support you at every stage of the industry placement so you can focus on getting the most out of your placement student.

The College of Richard Collyer
Hurst Road Horsham West Sussex RH12 2EJ
