Freedom Works Offer

Freedom Works is pleased to be working with Gatwick Diamond Business on their first member to member offer.

Freedom Works provides permanent office space for businesses to call their 'work home' and shared co-working space giving freelancers, local business people and our members the opportunity to meet like-minded people.

We understand how important it is in business to have somewhere to meet. So, we have a great offer for gdb members this year! We will be offering all members use of all of our spaces across Sussex for free! This will include a meeting room allowance, use of the shared space for business meetings and a free hot-desk allowance.

You will also have full access to our members platform with an online members directory and up-to-date information on free events that are happening in each space.
